Employer Database

At Blatchington Mill School we are looking to develop our careers provision and would like to increase opportunities and links with local employers and employees. Our aim is to build a database of willing employers and their employees who we can call on in the future to help us. We would like to thank parents and carers of Year 7 and 8 students for already providing similar information on your child's registration form.

We would kindly ask you to complete our survey as well, as we are very aware that circumstances may change. If you feel you are able to help with this, please click [here](#) to complete a short survey.
