

Blatchington Mill School

Involvement, Achievement & Care

www.blatchingtonmill.org.uk

Dear Blatch families,

Thank you for your ongoing support and for helping your child/ren settle into our new routines.

We wanted to share with you today some updates for next week in terms of what we will be able to offer. From Monday our homework club will restart for all students who are onsite that day from 3-4pm in Room 5 (we will extend the number of rooms available as needed).

We will be facilitating instrumental lessons starting again for our students who are taught by peripatetic teachers - please expect further information from our Head of Music.

We will also be running rehearsals for our Year 10 and 11 students for our Upper School Production - students involved will be contacted directly. Students who want to audition for a role in our Lower School Production (Years 7, 8 and 9) of 'Mary Poppins' will be able to collect audition scripts next week - please see information that will be shared in your form's Google Classroom.

To support you in finding the relevant information you need we have added a link to our website where all the central communication for families about our response to the fire can be found: [Letters to families](#).

A reminder that tomorrow our Year 11s are onsite from 8.50 to 10.40 and our Year 10 and Year 7 students are onsite from 8.50-3pm.

Best wishes,

Ms Claydon.

Headteacher
